

NUMBERING SYSTEM AND SYMBOLS

Guide to course numbers:

Symbol	Definition
001-009	elementary courses
100-199	first-year and introductory courses
200-299	second-year courses
300-399	advanced courses
400-499	special categories of work (e.g.) 480 for independent study courses

The following letters (following a number) indicate:

Symbol	Definition
"a"	a one-credit course given in the fall semester
"b"	a one-credit course given in the spring semester
"c"	a one-credit course given throughout the year
"d"	a half-credit course given September—October
"e"	a half-credit course given November—December
"f"	a half-credit course given throughout the first semester
"g"	a half-credit course given February—March
"h"	a half-credit course given April—May
"i"	a half-credit course given throughout the second semester
"j"	a half-credit course given throughout the year

Full-year courses (two credits) carry a numerical designation only. They must be carried through two semesters. In some cases, students may take one semester of such a course for credit, but only with permission of the chairperson of the department concerned.

The following designations refer to the distribution system for courses:
